Principal's report

Sesquicentenary meeting
Our school turns 125 next year. If you would like to help in organising activities to celebrate this milestone, a meeting is being held at the Rest Point Hotel tonight starting at 7pm. Nibblies will be served.

Understanding your child’s brain.
Don’t forget this workshop is being held at school on Friday. If you would like to attend and haven’t let us know yet, give CRANES a call on 66427257. The workshop runs from 9am – 1pm and morning tea is provided.

After school kayaking.
Our final kayaking session for the year will be held this Thursday from 3:30–5:30. 13 places are available; if you would like your child to be one of them, ring the school or send in a note ASAP. I’ll be looking at doing something similar next year.

SES visit
Last Wednesday we were visited by our local SES crew and Paddy the Platypus who generously provided our students with lunch and other goodies as well as showing them around the rescue boat. Thanks to the SES volunteers and the NRMA who provided funding for this terrific community awareness initiative.

First Aid training
Tomorrow all students in Years 5 & 6 will undertake first aid and CPR training. This training was very well received by students last year and so we have once again engaged Belinda Flynn from Royal Life Saving to update our skills and understanding. With some of our children living in remote locations and often involved in recreation activities around water, an understanding of what to do in an emergency could prove to be a life saver.

Cheers,
Andrew
