Principal’s Report

This week there are quite a few activities planned for our kids so please take note of the attached sheet outlining times and costs (if any). There are still a few families who have not yet paid their $4 for tomorrow’s visiting performer. Please ensure you send this money in tomorrow if you wish for your child to attend. The $4 cost has been subsidised by the school and only children who have paid will be attending. The details and permission note for The Samba Experience have appeared in our school newsletter for the past few weeks.

You may have seen some free parenting courses advertised at school and in the newsletter recently. I often attend courses to do with my job as I realise I don’t know everything and I want to be the best teacher / principal I can be, and I encourage my staff to do the same. The same could be said for parenting. None of us are perfect but we should aim to be the best we can for our kids. Please consider attending one of the free parenting courses that are offered throughout the year – you never know, you may learn something that will benefit you and your children.

Our cross-country run is scheduled for Thursday and all children are expected to participate unless unwell. At all our sports events we encourage the kids to Never give up, Encourage others and Do their best. On Thursday they can run a little, walk a little, run a little etc or run the whole way. No child is ever forced to run themselves to the point of exhaustion but it is good to have kids push their limits and ‘step out of their comfort zone’ at times. It is only then that they can see what they are capable of, grow in confidence and gain a real sense of accomplishment. We celebrate our champions, but just as importantly we value effort and participation.

Don’t forget your crazy hair tomorrow to support Kiara’s efforts in the World’s Greatest Shave. Gold coin donation as well as books, jumpers and cakes/toffees for sale. Mufti clothes can be worn.

Cheers, Andrew
